

Mr. Hemanth Satyanarayana

CEO, Imagine

Hemanth Satyanarayana is the Founder and CEO of Imagine. Besides being an MIT–TR35 Young Innovator Awardee and a TEDx Speaker twice, Hemanth's biography also has been featured in the book titled "Indian Innovators". Hemanth has been working in the space of immersive technologies since 2004 with some of his earliest works that include Augmented Reality based Liver surgery between 2004-06 and Virtual Reality based wearable multi-user war training simulator for the US Army between years 2006-09.

At Imagine, Hemanth and his team has built a customizable metaverse software platform using VR and AR technologies for enterprises to enable employees to collaborate in immersive digital twins of their real world facilities for their training, planning, sales needs. Besides acquiring top clients like Siemens Healthineers, Shell, Cisco, Mondelez, Rolls-Royce, MetLife, IIPH and others, his team also co-won a \$1mn NSF grant with top US Universities for Emergency Responder Training using Mixed Reality.

Hemanth Satyanarayana is an alumnus of IIT Madras, State University of New York at Buffalo, USA and NALSAR University of Law.
