Printmann Offset. The Team Green received the trophy at the hands of Prakash Cansar, President of MMS.

Lights, Speed And Action

On March 11, the second edition of the Printers' Football League (PFL) created an action-packed football tournament at Astro Park, Raghuvanshi Mills, in Lower Parel, Mumbai.

The key aspect of these sports events—Printers' Badminton League, Printers' Football League, and Printers' Premier League—is open, casual and interesting interactions among players. They are business competitors and play in these events from different teams but they bond over sports, creating lasting joyous memories and friendships.

National Printing Press' Vedant Canser, Team Red player, became the Player of the Tournament.

Team Orange player Rayan Siddhiqui from Continuity Printers etched his name on the trophy for Top Goal Scorer.

Participating in PFL2023 from Printmann Offset and playing from Team Yellow, Kunal Parekh won the Best Goalkeeper award.

The Best Goal at PFL2023 was scored by Team Blue's Rishi Joshi from Award Offset.

BMPA and MMS ensure the players are supported well. Just like the maiden PFL, this year too, off the field medical facilities were made available to treat minor injuries immediately and on-the-spot with first aid.

The Red Team played well, closing the tournament with a podium finish. They were the second runners up at PFL2023.

Matches at the PFL2023 were played in the evening, keeping the players most comfortable with lowering temperatures with the setting sun. However, the action-packed, fast-paced football matches kept the competition exhilarating.
